

User Guide for Mobile Trading Channel

1. Downloading Application

Access the internet from the mobile device and open the Mobile Trading Channel by typing the following URL:

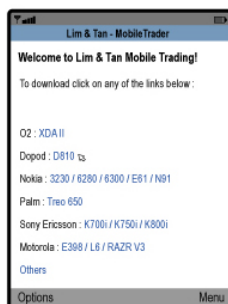

http://mobile.limtan.com.sg

Select the hyperlink **"Download Mobile Trader"**.

Select the phone model. Should the model not be listed, please select a model which is most similar to yours.

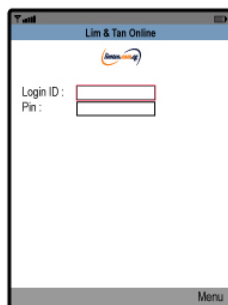

Connection can be via high-speed mobile connection or Wi-Fi.

2. Running the Application

Depending on the mobile device, the application may proceed to run automatically after the download. If it does not run, please manually run the programme*.

To access the application, please go to the relevant folder in the Mobile Device to run the Lim & Tan application.

* (e.g. Windows Mobile - "Midlet Manager"; Sony Ericsson - "File Manager/ Applications"; Nokia - "Installations")

3. Logging In

Navigate to the relevant box, and key in your 7 digit **Account Number** and **V.A.S.T. / Mobile PIN Number**.

This PIN number should only be in numerals. Navigate to the Login option and select to login. Alternatively, navigate to **"Menu"**, and select **"Login"**.

You will be prompted to change PIN on your first login.

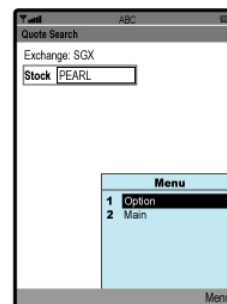

4. Menu Features

Search

To search for a stock, navigate and select **"Search"**.

Enter the name or the stock code, select **"Option"**, and select **"Get"**.

The list of counters corresponding to the entry will be listed.

To view the various options available for any counter, select the counter from this screen, select **"Menu"**, **"Option"**, and select the desired shortcut action. Buy, Sell, Market Depth (*subscription required*), Trade Summary, Time and Sales, and the Intraday Chart are some of the options available.

To enable streaming live prices, choose

"Menu", and select **"Stream"**. The top left button should change from red to green to indicate streaming. Alternatively, select **"Refresh"** from the **"Options"** menu to snapshot updates on the page.

Please note that the streaming prices can be affected by interruptions in connectivity. Please check to ensure you have the latest price information.

5. Trading Related Order Placing

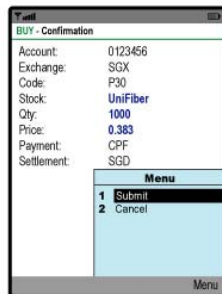

From any of the above methods select the counter, and choose **"Menu"**, **"Option"**, select either **"Buy"** or **"Sell"**.

To view orders placed yesterday, go to **"Menu"** and select **"Yesterday's Orders"**. Select **"Change A/C"** in order to view orders placed in a different account number.

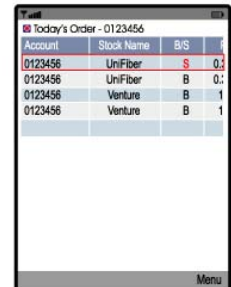

Navigate to the appropriate selection to complete the account number, quantity, price, and payment type as required. Key in the PIN, select **"Ok"**.

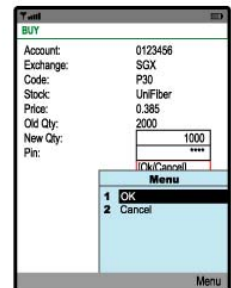

Amend & Withdraw Orders

To amend or withdraw an order, go to the relevant counter, select **Menu**, **"Option"** and choose the desired action.

A confirmation screen will then display the order details. Navigate to **"Menu"**, and select **"Submit"** to place the order.

This screen will be displayed upon successful order placing.

From the next screen, amend to the desired quantity (for Amend), enter the PIN, and go to **"Menu"** to select **"Ok."** Select **"Submit"** from the confirmation screen to submit the updated order.

The new quantity in **"Orders of the Day"** should reflect this change.

Order Book

Navigate and select **"Orders of the Day"** to view orders that have been placed.

6. Exit

To exit Mobile Trader, select **"Menu"**, **"Options"**. Choose **"Exit"**.
